Dear Sodel Vazquez Reyes:

Congratulations on becoming an Oracle Certified Professional, Java SE 6 Programmer ! By successfully meeting all requirements in this accreditation track, you have joined an elite group of Oracle Certified Professionals who have demonstrated a commitment to excellence using Oracle's leading technologies. Included in this success kit are your Oracle Certified Professional Certificate and member card.

In order to receive your certification logo and ensure that you continue to receive important communications about the Oracle Certification Program and any information that may affect your certification, there are a few more steps you need to take:

- **Create an Oracle Single Sign-On (SSO) account (if you don't yet have one):**
  - Go to [oracle.com/admin/account](http://oracle.com/admin/account) and click "Create your Oracle account now."
- **Confirm the correct email address in your Oracle profile:**
  - Go to [oracle.com/admin/account](http://oracle.com/admin/account) and log in with your SSO credentials.
  - Update your profile information including email address.
- **Subscribe to the monthly Oracle Certification E-Magazine:**
  - Go to [oracle.com/admin/account](http://oracle.com/admin/account) and log in with your SSO credentials.
  - Scroll down to "Opt-in to Oracle Communications" and select "Oracle Certification Program."
- **Download your logo from CertView - Oracle's certification candidate interface:**
  - Go to [certview.oracle.com](http://certview.oracle.com) and log in with your SSO credentials.
  - Click on Certification Status > Certification History.
  - View the Logo Usage Guidelines on this page.
  - View and download any Oracle Certification logos available to you.

We hope you enjoy the rewards of certification. We encourage you to stay current with the latest and future technologies, so please don't hesitate to contact your local Oracle University representative for current and new training opportunities. When the time comes to upgrade your skills with new Oracle technologies, be sure to take advantage of our one-step migration exams that allow you to upgrade your certification quickly. For the latest information on Oracle University learning offerings and certification tracks, please visit [oracle.com/education/certification](http://oracle.com/education/certification).

Congratulations on your achievement and best wishes for your continued success!

Sincerely,

John L. Hall, Senior Vice President  
Oracle Corporation
